### Chapter 1 by Liv

For years Red Sparrow had been kept in a dungeon, to see no light ever again, to never stroke another animal in her life again. I feel that some backstory is in order...

Red Sparrow was not an actual sparrow, a human cross bird. She had wings that could spread over twenty feet. She had a love for all animals as she was the angel of life. In the kingdom that Red Sparrow lived, there were seven angels, Rose Thunder, angel of weather and storms, Day Network, angel of news, Bell Indigo, angel of beauty, Paris Planet, angel of travel, Bitter Joy, angel of emotion and the queen of the kingdom, Blue Soprano, angel of voice. Red Sparrow was the angel of life, when Blue Soprano was taken by the pixies to another world, Red Sparrow would become queen.

She ended up in this dungeon by mistake, the queen of the next kingdom was a witch, dark and mysterious and hated all of the other kingdoms because they didn't bow down to her. When she attempted to take over their land, Red Sparrow strongly refused. Dead Dream, the queen of the next kingdom was disgusted to hear of this event by her slaves that she set out to personally make this angel die a painful death.

Red Sparrow walked hurriedly through the woods trying to find the source of a crying animal. As she was doing so, she tripped on a root in the ground and a tear dropped from her eye as she fell into a ditch. Well, she thought it was a ditch.
